The World was waiting, waiting long.
Waiting for the Wagon.
The golden fields poured in their wealt',

It is reported that the Earp party is broken up by a quarrel. Rumors have reached Tombstone that Wyatt Earp has been killed. A part of his band has started for Colorado.

GUITEAU'S CHANCE GONE.

tures universally interesting to civilized mankind. And if this could in truth be said when they were made by the slow hand-hammer process, making them luxuries, within the reach of the opulent only, what may we say now when by machinery they are made to fall like raindrops in the plentiful shower, and at a cost that places them within the reach of all, and introducing them into everything, everywhere, and the cheapest among our many luxuries? It has been said many luxuries? It has been said that he who can make two spears of grass grow where but one grew before is deserving the commendations of his fellow-men: then how much more he who multiplied the product of the nail crop, not one hundred per cent, but ten thousand per cent? ## The Earp Party Arrested and Held Denver.

Tucson, May 16 .- Sheriff Paul today received a dispatch from the A reward in a large sum will be paid Earp party, who are indicted in this or knowledge of the whereabouts of county for the murder of Frank Stil-well. There are five men in the party. Tipton, one of the party, met a violent death in New Mexico two weeks ago, while attempting a robbery. Governor Tritle placed a requisition in the hands of Sheriff Paul, who leaves for Denver for the prisoners to-morrow morning. Perfect quiet has reigned in Cochise county since the Earp party left.

THE FOURTH EXCURSION.

TOMESTONE, May 16.—There is much comment here regarding the actions of the Governor in the Earp case. Sheriff Behan, of this county, worked the case up and offered a reward out of his own pocket, and effected the capture of the desperadoes, and applied to the Governor for a requisition, and was refused until the Territorial seal could be brought from Prescott. The Governor at Tucson said he should have to see the indictments before giving a requisition. Then turned around and gave a requisition to Sheriff Paul of Pima county, notorious for his friendship for the Earps, and whom common opinion says connived at their escape from the Territory. The Governor evidently wishes that Paul should have credit for the arrest, when Behan worked the case up. There are indictments against the Earps from both counties.

The Sheriff of Arapahoe county, Colorado, has notified Sheriff Behan, of Cochise county, that Warren and Wyatt Earp and Doc Holladay have been arrested by him. Sheriff Behan for the will start to-morrow morning for the prisoners, and Court being in session an immediate trial is probable.

EXTENSIVE FIRE. A fire this evening burned a block between Second and Third streets on Toughnut street. The buildings were mostly lodging houses and dwellings. Ten buildings were destroyed. Loss about \$12.000.

### RAILROAD COMMISSIONER.

EDITOR TIMES: There is not an office to be filled at the coming election of greater importance, to the people than that of Railroad Commissioner.

The creation of this commission by The creation of this commission by a Constitutional provision was a victory in the cause of the people, and for the business and industry of the State. Powers of an unusual character and degree were conferred upon it directly by the people, and it was hoped, and 'perhaps too confidently expected, that through this commission the cause for the constant complaints of producers, manufacturers, travelers and merchants against transportation companies would be removed. Whether from unexpected difficulties encountered by the commission or from hesitation in its action, but little of the benefit anticipated from the commission has as its action, but little of the benefit anticipated from the commission has as yet been realized and much remains to be done to establish such equitable fares and rates as the general prosperity of the State and the common welfare of the people demand.

A Mob Takes Possession—

Largoo, (Tex.), May 16.— Information were employed in making nails by hand. In Birmingham, England, it is said no fewer than 60,000 workmen were employed in making nails on the Schuylkill iron region.

The following naturally flowed in ahead of what we started to say about the manufacture of horse shoe nails, now being turned out at the San Quentin prison, this State. A friend has furnished us with a specimen of the work. It is a shapely article, and, we judge, of good material. He informed the forms us that thirty men are now employed in the new venture, and the article is meeting with ready sale, and as the manufacture will not interfere with any Pacific Coast interest, we shall hope it may be a success. The consumption of shoe-nails is enormous, and it will save much money to un State to stop the flow castward of the coin to cover our importation of the article of the countrymen and relieved.
